

St. Nicholas Center WORLDWIDE

*Provides Autism support systems for communities around the world
through education, consultation & advocacy.*

Experience a new DAAAY in Louisiana for Autism!

Join the **St. Nicholas Center Worldwide** at the **Louisiana Autism Conference** to hear from Judge Sunny Bailey, the creator of the **Detention Alternative for Autistic Youth** treatment court, also known as DAAAY Court. Established in 2018 out of the eighth judicial court in Las Vegas, Nevada, this diversion program is designed for at-risk youth who have Autism. It combines the efforts of social workers, therapists, probation officers, defense attorneys and prosecutors to address psychiatric needs, behavioral modification, socialization, and parent training to get to the root causes and prevent these children from entering the revolving door of the criminal justice system as adults. It is the only program focused on youth with Autism in the nation.

***Let's imagine a new DAAAY for
children with Autism.
Join us!***
